Region report from Japan

1. Activity summary of 2013 & 2014

We had 7 regattas in 2013. The 28th Nationals was held at OGA, Akita prefecture, one of the famous hot-spring areas in north-east Japan in July. This was the first Tasar regatta held at the Sea of Japan side and new members from Tsunami damaged area also joined. The regatta was invited as a part of the festival celebrating the 100th anniversary of the opening of the city port. Under the support of the city of OGA and the prefectural sailing association, staying at the same Hotel-hot spring inn, all participants enjoyed both on and off shores events.

In 2014, we also had 7 regattas and total of 125 boats joined. Trainings for improving sailing performance were held four times in both east and west area. A lecture for a more accurate understanding of RRS supported by JSAF (Japan Sailing Federation) carried out in winter.

The 29th Nationals was held at Inage, Chiba prefecture in November. A new generation team, Mr.Yamamura & Mr.Yoshida (JPN2736, MIYAKO), won for the first time. It is encouraging for us that 20s and 30s sailors like them getting stronger in recent years.

The 30th Nationals will be held at ENOSHIMA, Kanagawa prefecture this October, as a memorial event. Enoshima is the place where Yoshikawa-san, “the Father of Tasar in Japan” introduced his first Tasar (Sail No. 2103) to Japanese in 1985.

2. A new board launching

The new board of JTA has launched in April 2014. The board focuses on building up member’s sailing skills and promoting Tasar in Japan more than ever. To increase Tasar lovers, we are engaged in “welcome back promotion” as well, encouraging tasar sailors who have not come to JTA events for several years to come back Tasar community again.
